

45th GST Council Updates in relation to Supply of Goods

In the backdrop of coming elections in few states & heighthened expectations post COVID scenarios, the GST Council had its 45th meeting on 17th September, 2021 at Lucknow. The GST Council made host of recommendations from rate change to simplifications of compliances. We provide the gist of such recommendations in relation to Supply of goods as follows:

Inclusion of Petroleum Products under GST

Recently, as per various newspaper reports the petroleum minister made a case for inclusion of otherwise excluded petroleum products into GST. As per one of the reports, it is expected that the rate of diesel/petrol might come down to Rs. 75/- to Rs. 80/- with such inclusion in GST.

However, as such a move would have an adverse impact on the revenues of the States and the Centre, the GST Council recommended that petroleum products which are hitherto outside the GST regime would not be included. No time frame has been provided for their inclusion under GST.

9	30	Pharmaceutical goods falling under heading 3006	12%

Facilitation to Renewable Energy Projects

Acceding to long standing demand of such taxpayers engaged in renewable energy and for facilitating the trade, the Council has recommended 70:30 ratio for GST payment during the period 01.07.2017 to 31.12.2018. Previously, the Government has granted a 70:30 option to Goods: Service from 01.01.2019.

Other Clarification on Goods

- As the fresh fruits being agricultural produce are exempted from GST and related services thereupon there were disputes as to classification of dry and fresh dry fruits. The Council has recommended to issue a clarification as to distinction between **fresh & dried fruits & nuts for application of GST rate of "nil" & 5%/12% respectively;**
- Previously, the Government has provided an exemption from payment of GST on inter-state stock transfer of equipment etc. imported in relation to petroleum operations. Council has now recommended that Essentiality Certificate issued by Directorate General of Hydrocarbons on imports would suffice and there would not be any requirement for taking a certificate every time on inter-state stock transfer.

GST on Reverse Charge from Supplies by Unregistered Persons

It has been recommended that the Mentha oil supplied by an unregistered person be subjected to reverse charge in the hands of registered person.

No Refund Allowed of IGST paid on Export of Goods

In line with the recent amendment made by Finance Act, 2021, the Council recommended that export of mentha oil be allowed only against LUT and hence refund of unutilised ITC.

Special GST Rate for Supply of Bricks

Brick Kilns to be brought under Special composition scheme with threshold limit of Rs. 20 lakhs, with effect from 1.4.2022.

Outside Composition Scheme, bricks would be subjected to 6% GST Rate without ITC and 12% with ITC.

Inverted Duty structure Correction in Footwear and Textiles sector

GST rate changes to be made w.e.f. 01.01.2022 in order to correct inverted duty structure in footwear and textiles sector.
