In continuation of recommendations made in 47th GST Council meeting at Chandigarh, CBIC came out with slew of notifications implementing the recommendation.

We provide a brief of some important recommendations as below:

Amendment relating to details to be filled in by E-Commerce operators (ECO)

New Table 3.1.1 has been inserted in to GSTR-3B wherein, ECO needs to fill in the details of supplies on which ECOs have paid the taxes. It has also been provided that, ECO need not report such supplies in Table 3.1(a) of GSTR-3B.

Amendment relating to details to be filled in suppliers supplying through ECO

New Table 3.1.1 has been inserted in to GSTR-3B wherein registered suppliers supplying goods through ECO needs to fill in the details of supplies on which ECOs have paid the taxes. It has also been provided that such suppliers need not report such supplies in Table 3.1(a) of GSTR-3B.

Amendment to ITC related table

Reversal of ITC in Table 4(B)(1):

Hitherto, the reversals under Rule 42 and 43 alone are required to be incorporated in this table. Now this table has been amended to provide that reversals on following account needs to be incorporated:

- Rule 38 i.e., Banking / FIs /NBFC's.
- Rule 42 and 43 i.e., reversal of account of exempted and taxable supplies etc.
- Section 17(5) of CGST Act, 2017 i.e., blocked credit.

A question arises whether it is mandatory for a person to first avail the blocked credit and then reversed it. If the blocked credit is not availed at the first instance, question of reversal should not arise.

Changes to Table 4D:

Caption of Table 4D has been changed from "Ineligible Credits" to "Other Details". Table 4D is for information purpose and does not impact the electronic credit ledger. Previous entries have been deleted and new entries have been incorporated as follows:

- Details of ITC reclaimed which was earlier reversed as reflected in Table 4(B)(2) as "Others",
- Details of ineligible ITC under Section 16(4) of CGST Act, 2017 i.e., ITC in relation to input invoices of previous FY which was not availed till September / November GSTR-3B return,
- Details of ineligible ITC not available due to place of supply provisions.

It is expected that these figures would be auto populated from GSTR-2B.

Supreme Court had in the past taken Suo-motto cognizance of COVID-19 conditions granted a blanket exclusion of time period for various compliances to be undertaken under different statutes. The CBIC has issued a notification excluding timelines as follows:

- Issuance of order by adjudicating authorities in relation to recovery of tax not paid or short paid or ITC wrongly availed or utilized: Hitherto an adjudicating authority was required to issue an adjudicating order within 3 years from due date of filing of relevant annual return. Now such for tax period of FY 2017-18, the said timeline has been extended to 30.09.2023,
- Issuance of order by adjudicating authorities in relation to recovery of erroneous refund: Hitherto an adjudicating authority was required to issue an adjudicating order within 3 years from grant of erroneous refund. Now the time period of 01.03.2020 to 28.02.2022 has been excluded while determining the said timeline of 3 years,
- Extension of limitation for filing refund claim including that by UNO etc.: Hitherto a refund claim under Section 54 of CGST Act, 2017 could be filed within 2 years from relevant date. Basis the circulars several adjudicating / appellate authorities have rejected the refund claims / appeals. Benefit of this notification for such assessee needs to be examined.

Formulae post Amendment:

Maximum Refund Amount = {(Turnover of inverted rated supply of goods and services) x Net ITC Adjusted Total Turnover} – {tax payable on such inverted rated supply of goods and services x (Net ITC ITC availed on inputs and input services)}

Expansion of cases for withholding of refund claims of IGST paid on export of goods

With retrospective effect from 01.07.2017, CGST Rules, 2017 have been amended to expand the case where the refund claim can be withheld. The refund can be withheld the CBIC Commissioner or his authorised officer, on the basis of data analysis and risk parameters, is of the opinion that verification of credentials of the exporter, including the availment of ITC by the exporter, is considered essential before grant of refund, in order to safeguard the interest of revenue.

Here formulation of opinion i.e., reason to believe, is an important factor before withholding of refund claim.

Automatic intimation / transfer of withheld refund cases of IGST paid on export of goods

Where refund is withheld:

- On request of jurisdictional commissioner; or
- By CBIC Commissioner or his authorised officer, on the basis of data analysis and risk parameters

Such a claim would be transmitted to jurisdictional authority online through FORM RFD-01 with an intimation of exporter.

It has also been provided that, date of such a transmission through FORM RFD-01 to jurisdictional authority would be treated as the date when the refund claim has been filed.

Similarly in case of withholding of refund claim due to violation of any provision of the Customs Act, 1962, such a claim would be transmitted jurisdictional authority online through FORM RFD-01 with an intimation of exporter. It has also been provided that, date of such a transmission through FORM RFD-01 to jurisdictional authority would be treated as the date when the refund claim has been filed.

It is interesting to see the veracity of such deemed date for filing of refund claim when the refund claims as per Section 54 of CGST Act, 2017 had already been filed by the claimant.
